

Enjoy the benefits of electronic signatures!

Here's how the process works: You sign this document allowing us to stamp your signature(s) on documents relating to your transaction. Then, we send you an email to approve the document we've sent you. We'll never send a document with your signature on it without you approving it first.

Allowing us to stamp your signature(s) on contracts & related documents lets us respond much more quickly and saves you the time & aggravation of dealing with a fax machine, plus the contracts are much cleaner because they're emailed instead of faxed. It's just another way DROdio Real Estate, Inc. is changing the industry & making the process easier on you!

Please agree to the following:

I agree to allow DROdio Real Estate, Inc. to utilize the signature(s) below on any documents which I approve via email. I understand that my approving a document via email is the equivalent, for all intents & purposes, of physically signing the document myself.
